

# Keep smiling

## Delta Dental PPO™

### Save with PPO

Visit a dentist in the PPO network to maximize your savings.<sup>1</sup> These dentists have agreed to reduced fees, and you won't be charged more than your expected share of the bill.<sup>2</sup> Find a PPO dentist at [www1.deltadentalins.com/group-sites/uc.html](http://www1.deltadentalins.com/group-sites/uc.html).

### Set up an online account

Get information about your plan anytime, anywhere by signing up for an online account at [www1.deltadentalins.com/group-sites/uc.html](http://www1.deltadentalins.com/group-sites/uc.html). This useful service, available once your coverage begins, lets you check benefits and eligibility information, find a network dentist and more.

### Explore costs to save

Want to see how much you'd save with a PPO dentist? Use the Cost Estimator feature to get a personalized estimate for your next dental visit. Whether you're getting braces or need a cavity filled, your cost estimate is calculated from actual claims Delta Dental has processed, updated daily.

### Check in without an ID card

You don't need a Delta Dental ID card when you visit the dentist. Just provide your name, birth date and enrollee ID number. If your family members are covered under your plan, they will need your information. Prefer to take a paper or electronic ID card with you? Pull up an

electronic ID on your smartphone. Just log in to your online account and click on MY ID Card.

### Coordinate dual coverage

If you're covered under two plans, ask your dental office to include information about both plans with your claim, and we'll handle the rest.

### Understand transition of care

Did you start on a dental treatment plan before your PPO coverage kicked in? Generally, multi-stage procedures are only covered under your current plan if treatment began after your plan's effective date of coverage.<sup>3</sup> You can find this date by logging in to your online account.

**Dental claims are automatically sent to Health Equity on behalf of UC Health Savings Plan members.**

Save with a PPO dentist

PPO

NON-PPO

Download the Delta Dental app from the App Store or Google Play.

App Store

Google Play

<sup>1</sup> You can still visit any licensed dentist, but your out-of-pocket costs may be higher if you choose a non-PPO dentist. Network dentists are paid contracted fees.

<sup>2</sup> You are responsible for any applicable deductibles, coinsurance, amounts over annual or lifetime maximums and charges for non-covered services. Out-of-network dentists may bill the difference between their usual fee and Delta Dental's maximum contract allowance.

<sup>3</sup> Applies only to procedures covered under your plan. If you began treatment prior to your effective date of coverage, you or your prior carrier is responsible for any costs. Group- and state-specific exceptions may apply. If you are currently undergoing active orthodontic treatment, you may be eligible to continue treatment under Delta Dental PPO. Review your Evidence of Coverage, Summary Plan Description or Group Dental Service Contract for specific details about your plan.

# Benefit highlights

## Delta Dental PPO™
