I. POLICY SUMMARY

This policy describes recruitment requirements for staff appointments in the Professional & Support Staff, Managers & Senior Professionals, and Senior Management Group personnel programs.

II. DEFINITIONS

Detailed information about common terms used within Personnel Policies for Staff Members (PPSM) can be found in [PPSM 2 \(Definition of Terms\)](#) and [PPSM 3 \(Types of Appointment\)](#).

Career Tracks:

A classification structure that groups jobs into broad categories (defined as Operational and Technical, Professional, and Supervisory and Management) based on primary functions, scope, and level of responsibilities.

Competitive Recruitment:

The activities related to seeking a broad and diverse pool of qualified candidates to fill vacant positions. These activities may include advertising a position, communicating with applicants, conducting interviews and assessments, performing reference checks, and extending offers of employment.

Internal Candidate:

A candidate who is currently employed at the University of California in any appointment type except student appointment titles.

Internal Recruitment:

A type of competitive recruitment for career positions where only internal candidates are eligible to apply for the vacant position. Internal recruitment can be limited to the UC system as a whole, to a particular UC location, or to a particular organizational unit in accordance with local procedures.

Job:

A broad-based collection of key responsibilities, knowledge and skills used to identify work that is of the same nature and performed at the same level by one or more employees throughout the University.

Job Title:

A short descriptor used to link a job and a position. A position's job title may differ from the working title used by the employee. May also be referred to as "class."

Position:

A specific set of duties, responsibilities, knowledge, skills, level of supervision, and other requirements which are based on a job and that comprise the work assignment of an individual employee at a particular location.

III. POLICY TEXT

A. General

The University of California is committed to hiring a talented workforce through recruitment practices that are fair and consistent and that comply with all applicable

laws and regulations. We recognize that a diverse workforce is essential to serving the needs of our communities and to ensuring that our institution continues to demonstrate excellence.

Consistent with our status as a federal contractor, the University of California is an equal opportunity/affirmative action employer. Conducting competitive recruitments for staff positions is the normal and expected method for identifying and hiring staff personnel at the University. As such, competitive recruitment is required unless otherwise stated in this policy. Hiring authorities are accountable for complying with federal and state laws and regulations and University policies and are responsible for contributing to the University's equal employment opportunity and affirmative action efforts.

The goals of competitive recruitment are to:

- Identify and attract qualified applicants;
- Create a broad and diverse pool of qualified candidates based on the relevant labor market;
- Allow candidates to fairly compete for position openings;
- Meet our equal employment opportunity and affirmative action commitments; and
- Demonstrate a fair and unbiased selection process.

The University of California also provides reasonable accommodation to qualified individuals with disabilities in all phases of the employment process. A reasonable accommodation may be a modification to a job application process, interview process, hiring procedure, or other employment practice that will allow a qualified individual with a disability to have an equal opportunity to obtain employment. To request a reasonable accommodation, job applicants may contact the local designated office or notify any University official involved in the hiring process. Locations will make information about reasonable accommodation, including information about how to request an accommodation, available on their websites.

[The University will not request or rely on an applicant or candidate's salary history in determining salary or whether to offer employment. The University also will provide the pay scale for a position upon reasonable request by the applicant or candidate.](#)

B. Scope

This policy applies to all aspects of competitive recruitment, as well as internal promotions, exemptions from recruitment, and waivers of recruitment. Competitive recruitments must be conducted in accordance with this policy and local procedures. Locations may choose to be more restrictive in their local procedures than the provisions of this policy, as long as such restrictions are in accordance with University non-discrimination policies.

C. Competitive Recruitment Process

Competitive recruitments must be conducted in accordance with the location's equal opportunity and affirmative action objectives. At a minimum, the steps described below are to be taken when conducting a competitive recruitment. Local procedures may include additional steps.

1. Preparation

Formal authorization to recruit must be obtained in accordance with local procedures before any competitive recruitment starts. If a hiring manager believes there may be difficulties in recruiting for a particular position, the local Human Resources office can provide assistance.

2. Position Description

Position descriptions are created and updated in accordance with local procedures. A current position description must be used when recruiting to fill a vacant or newly created position. The description must state the minimum qualifications for the position, as well as any preferred skills, knowledge, abilities, and/or experience. Both the minimum and preferred qualifications must directly relate to the duties of the position.

3. Advertising

The mechanisms that are likely to attract a broad and diverse pool of qualified applicants should be used to advertise a position opening. This could include advertising the position internally on University of California websites, as well as advertising externally using various national, local, and social media, job search websites, recruitment agencies, etc.

4. Assessment of Applications

Applications must be assessed objectively and consistently against the minimum and preferred qualifications set out in the position description. All candidates who advance to the next stage of the recruitment process must meet the minimum qualifications for the position.

5. Selection

For requirements and criteria regarding the selection and appointment of a candidate, refer to [Personnel Policies for Staff Members 21 \(Selection and Appointment\)](#).

D. Career Appointments

1. Recruitment

Competitive recruitment is required for all career appointments unless an internal promotion is approved per 2.b below, an exemption applies (refer to Section G), a waiver is approved per Section H, or a contract or limited appointment converts or is designated as a career appointment in accordance with this policy and [PPSM 3](#). For additional recruitment requirements related to UC retired employees, refer to the

policy on [Reemployment of UC Retired Employees Into Senior Management Group and Staff Positions \(Regents Policy 7706\)](#) and that policy's associated [Procedures](#).

a. Career Recruitment: Single Job Title

A competitive recruitment to fill a vacant career position is usually conducted for a single job title.

b. Career Recruitment: Classification Series

A vacant career position classified in the Career Tracks Professional category or the Professional & Support Staff (PSS) personnel program may be listed with multiple job titles at different levels within a single class series. This provides flexibility for the location to determine the initial job title based on the qualifications of the selected candidate.

2. Career Progress of Current UC Employees

To support the career progress of current staff employees, the University may offer promotional opportunities to qualified candidates through the following:

a. Internal Recruitment

A location may limit competitive recruitment for a career appointment to internal candidates, so long as this internal recruitment is consistent with equal employment and affirmative action objectives. The Chief Human Resources Officer (CHRO) has the authority to approve limiting competitive recruitment to internal candidates after consultation with the Affirmative Action Officer.

b. Internal Promotion

Internal promotions are intended to recognize growth and development in the professional skills, knowledge, and responsibilities of current career staff employees. Internal promotion opportunities must be consistent with the University's equal employment and affirmative action objectives, as well as the employee's qualifications and job performance. The requirements to either competitively recruit for a career position or to obtain a waiver of competitive recruitment do not apply when an internal promotion request has been approved in accordance with this policy and local procedures.

Internal promotions may be appropriate when there is (1) a University business need, e.g., a vacant position or need for higher level work to be performed, and (2) a career employee who demonstrates readiness for upward advancement. Local procedures will define the authorities and process, including required documentation, for recommending and approving an internal promotion. At a minimum, the CHRO, in consultation with the Affirmative Action Officer, must approve the request in order for the promotion to move forward. All career employees in an organizational unit who are qualified for an internal promotion must be considered for the opportunity; local procedures will determine the process for making a fair and unbiased selection.

Per Section III.B, locations may choose to be more restrictive in their local procedures than the provisions of this policy, as long as such restrictions are in accordance with University non-discrimination policies.

E. Limited, Floater, and Per Diem Appointments

1. Recruitment

To fill limited, floater, and per diem appointments, competitive recruitment is normally expected but not required. If competitive recruitment is not feasible due to special circumstances, refer to your local procedures for requirements on filling these types of appointments without competitive recruitment. In cases where there is a possibility that a limited appointment may continue beyond 1,000 hours in any 12 consecutive months, a competitive recruitment must be conducted to fill that appointment.

2. Conversion to Career

Floater and per diem appointments do not convert to career appointments.

Limited appointments may be converted to career appointments if the incumbent employee was selected through a competitive recruitment process.

Note also that limited appointments are designated as career appointments when the incumbent employee reaches 1,000 hours of qualifying service in any 12 consecutive months (refer to [PPSM 3](#) for the full set of conditions); however, departments are expected to manage limited appointments so this situation rarely occurs.

F. Contract Appointments

1. Recruitment

Competitive recruitment is required for contract appointments unless a waiver of competitive recruitment is approved per Section H below. If the work will exceed the contract appointment duration limit as defined in [PPSM 3](#), contact your local Human Resources office or other office designated in Local Procedures to discuss options.

2. Conversion to Career

A contract appointment may be converted to a career appointment if the incumbent employee was selected through a competitive recruitment process. Local procedures will define the process and approvals necessary to convert a contract appointment to a career appointment.

G. Exemptions

The following circumstances are exempt from the requirement to competitively recruit:

1. Demotion or lateral transfer of an employee within the same organizational unit, as defined in local procedures;
2. Lateral transfer of an employee along with the budgetary provision for that employee's position;

3. Transfer, reinstatement or reemployment of an employee in accordance with [PPSM 2.210.III.D.1 and 4-6 \(Absence from Work–Family and Medical Leaves\)](#), [PPSM 2.210.III.D.2 \(Absence from Work–Leave due to Pregnancy, Childbirth, or Related Medical Condition\)](#), [PPSM 2.210.III.E.1 \(Absence from Work–Military and Other Service-related Leaves\)](#), [PPSM 66.III.E \(Medical Separation-Special Reappointment Procedures\)](#), and [PPSM 81.III.D \(Reasonable Accommodation\)](#);
4. Recall of a laid- off employee or placement of an employee with preference for reemployment or transfer;
5. An employee’s job title or responsibilities have changed as a result of a reorganization or reassignment of functions among positions within the same organizational unit;
6. An employee who is competitively selected for a University of California-sponsored paid internship program, and upon completion of the internship, as authorized in local guidelines and with the approval of the department head, is appointed to a vacant position for which the employee meets the minimum qualifications;
7. An employee receives an internal promotion per Section D.2.b above;
8. The department conducted a competitive recruitment within the past six months that yielded a diverse applicant pool and the department wants to select a candidate from the original pool for another opening in the same job title and with the same minimum qualifications; or
9. To fill a casual/restricted appointment.

H. Waiver of Recruitment for Career and Contract Appointments

Competitive recruitment is normally expected for all career and contract open positions. Under special circumstances and in accordance with local procedures, the CHRO may approve a waiver of competitive recruitment for career and contract appointments after consultation with the Affirmative Action Officer. The primary concern in considering approval of a waiver is whether the University’s operational needs outweigh our commitment to competitive recruitment. Special circumstances that might justify a waiver include, but are not limited to, when:

- Previous recruitment attempts did not result in identifying a qualified candidate pool, and/or recruitment difficulties in attracting candidates with the required skills, knowledge and abilities unique to the position have been documented.
- Unanticipated business requirements warrant filling the position on an immediate basis and the time needed to conduct a search would have a negative impact on meeting critical operational needs of the department or would violate a formal contractual obligation of the University.
- There are special appointment conditions, such as an organizational entity or program moving to the location along with specified current employees.

- The delay resulting from conducting a competitive recruitment would endanger health and safety.

I. Documentation

Recruitment and selection records must be maintained in accordance with University policy and applicable laws. Refer to the [University of California Records Retention Schedule](#) and/or contact your local Human Resources office for additional information.
